The Bravest of Battles.

The bravest of battles that ever was fought,
Shall I tell you where and when?
On the maps of the world you'll find it not
Twas fought by the mothers of men.
Nay not with cannon or battle shot,
With a sword or nobler pen;
Nay, nor with eloquent word or thought
From mouth of wonderful men.
But deep in a walled-up woman's heart—
Of woman that would not yield,
But bravely, silently bore her part—
Lo! there is the battle-field.
No marshaling troop, no bivouac song,
No banner to gleam and wave!
But oh, these battles! they last so long—
From babyhood to the grave!

to say the least, looking remarkable well
the frequent showers, and more lately
the fine warm weather has been produc-

the crops generally. The growth being
perfectly surprising so that the settlers

CONSUMPTION CURED.

An old physician retired from practice,
having had placed in his hands by a
East India missionary the formula of a simple
vegetable remedy for the speedy and per-
manent cure of Consumption, Bronchitis,
Catarrh, Asthma and all throat and Lung
Affections, also a positive and radical
cure for Nervous Debility and all Ner-
vous Complaints, after having tested its
wonderful curative powers in thousands
of cases, has felt it his duty to make it
known to his suffering fellows. Actuated
by this motive and a desire to relieve hu-
man suffering, I will send free of charge,
to all who desire it, this recipe, in Ger-
man, French or English, with full direc-
tions for preparing and using. Sent by
mail by addressing with stamp, naming

UNION PIC-NIC:—The picnic held on
the grounds near the Methodist Church
in the Prentice neighborhood, on Wed-
nesday, was far ahead of anything that
was anticipated. Quite a large number
availed themselves of the opportunity to
have a pleasant time, and they were not
disappointed. Singing was the chief
amusement of the morning, the friends
who put forth their willing hands to raise
the swags, deserve much credit having
taken care to have them perfectly safe.
After dinner had been served to the satis-
faction of all, that estimable gentleman,
Mr. Samuel Rumble took the chair and
produced a copy of the following pro-
gramme calling on the choir for opening
hymn, the Rev. G. E. Ross led in prayer,
after which the following programme
was proceeded with:

Chairman's Address

Singing	by the Choir
Song	Miss E. Puffer
Address	Mr. T. Rogers
Singing	by the Choir
Recitation	Master J. Penrose
Song	Mr. Jno. Puffer
Address	Mr. Jno. Prentice
Singing	by the Choir
Recitation	Miss G. Penrose
Singing	by the Choir

The benediction was then pronounced
by Mr. Jno. Prentice

After the programme was given, the
company dispersed, some to ramble thro'
the pretty woodland and others to make
use of the swags until merry voices
sounded through the woods, proclaiming
to be ready, which was partaken of
with eagerness, the fresh air having
given the pic-nickers a good appetite.
The ladies, as usual, were up to the mark in
furnishing the many delicacies and they
were praise worthy.

A prayer meeting was afterward held
in the Church and was largely attended

Sudden Changes.

A cold, or exposure, many cause the poisonous acids in the blood to clog its circulation. This is rheumatism. Clark's Lightning Liniment will stop the pain at once. It should be taken both internally and externally if the attack is severe, and it affords instant relief. If the pain appears again, it should be met with the same treatment, until a cure is effected. This wonderful preparation has worked some remarkable cures among rheumatic sufferers. Where once tried, it is always used after. Sold by all druggists; price 50 cents. Clark Chemical Company, Toronto, New York.

Many Ladies

have written that Clark's Catarrh Cure has relieved them, restoring perfectly in every sense. Through gratitude they have consented that their names be published. Yet the Clark Chemical Company will not use this means to advertise their remedy. They will not parade the sufferings of any one, or invade the sacred privacy of any home. Any sufferer from catarrh will recommend Clark's Catarrh Cure, and that good word is worth more than the published certificate. Clark Chemical Company, Toronto, New York.

A Cold in the Head

is the beginning of catarrh, and catarrh often lays the foundation for consumption. The last disease may be avoided by curing the first two, either of which yields at once to Clark's Catarrh Cure, price 50 cents. It clears the head, restores the sense of smell, and drives away that dull headache which all experience who have Catarrh in any form. One package of Clark's Catarrh Cure will work wonders. If the druggist has not got it, send price direct to Clark's Chemical Company, Toronto or New York, and the package will be sent by return mail.

Who wants to Climb the Pole?

An Athenian professor of mathematics named Damaskin has invented an ice locomotive which he expects will carry him to the North Pole. He has given an order for the construction of a large locomotive after his pattern and is now calling for volunteers to accompany him to the Arctic Ocean.

The locomotive is to have a unique arrangement, by which it will lay and take up the rails as it runs. Short spikes on the under side of the rails will make the latter temporarily fast in the ice. The locomotive will be operated by steam and at the same time will supply heat to keep the travellers from the cold. The cab is to carry provisions for the exploring party. The locomotive and cab will be conveyed in parts to Spitzbergen, Prof. Damaskin says, will there be put together, and will then be run to the North Pole at the rate of 50 miles an hour. As Spitzbergen is about 600 miles from the North Pole, Prof. Damaskin expects to reach his destination in 20 hours. He allows eight hours for his first observation and 20 hours for returning, so that the whole trip, Spitzbergen and return, will be made in just two days. Prof. Damaskin hopes to be ready to start on his journey late in September or early in October.

SHILON'S CONSUMPTION CURE.

All druggists are authorized to sell it on a positive guarantee, a test that no other cure can successfully stand. If you have a Cough, Sore Throat, or Bronchitis, use it, for it will cure you. If your child has the Croup, or Whooping Cough, use it promptly, and relief is sure. If you dread that insidious disease CONSUMPTION, don't fail to use it, it will save you or cost nothing. Ask your Druggist for SHILON'S CURE, Price 10 cts., per bottle and \$1.00 per dozen.

Phillytine: "Of what use is the editor of the paper? Young Reporter: To make a long story short."

All About Shorthand.

This is the title of a 32 page pamphlet of information, containing answers to all the questions an inquirer would be likely to ask about books, instruction, salaries of stenographers, how to secure positions, etc., etc. It will show what young men have done at home on farms and in workshops; how from the humblest beginnings the highest success has been reached by learning this art at piece-meal study, and while pursuing other occupations. The success of stenographers as compared with the success of young men in any other vocation in life, will be seen to be marvelous and encouraging. The author of this system was himself a farmer's boy and learned the art while following the plow. The information he gives in this pamphlet will be of interest and value to every young man (or young woman either) who must earn their own living. The pamphlet is mailed for 5 one cent postage stamps to anyone writing for it and mentioning the paper in which this article appears.

Can You?

Can you put the spider's web back in place
That once has been swept away?
Can you put the apple again on the bough
Which fell at our feet to-day?
Can you put the lily cup back on the stem,
And cause it to live and grow?
Can you mend the butterfly's broken wing
That you crushed with a hasty blow?
Can you put the blossom again on the grape
And the grape again on the vine?
Can you put the dew-drops back on the
flowers,
And make them sparkle and shine?
Can you put the petals back on the rose?
If you could would it smell so sweet?
Can you put the flour on the husk
And show me the ripened wheat?
Can you put the kernel again in the nut,
Or the broken egg in the shell?
Can you put the honey back in the comb,
And cover with wax each cell?
Can you put the perfume back in the vase
When once it has sped away?
Can you put the corn-silk back on the corn,
Or down on the cutkins, say?
You think my questions are trifling, dear.
Let me ask you another one;
Can a hasty word ever be unsaid,
Or a deed unkind undone.

MINDEN, FRIDAY, JUNE 17, 1892

Dominion Day.

It is the intention of the people of
Minden to celebrate the approaching
Dominion Day in good, hearty, loyal
style, and with this in view liberal sub-
scriptions have been given by all our
leading citizens to furnish prizes for
games &c., which will be held in Min-
den Village on that day; the arrange-
ments are not yet finally completed,
but the committee meet this evening
with that purpose in view—with a long
pull, a strong pull, and a pull all to-
gether there is no reason why the festi-
vities on the first of July should not
be amply successful.

Mother's Turn

"It is mother's turn to be taken care
of now." The speaker was a winsome
young girl, whose bright eyes fresh
color and eager look told of light-heart-
ed happiness. Just out of school, she
had the air of culture which is an added
attraction to a blithe young face. It
was mother's turn now. Did she know
how my heart went out to her for her
unselfish words? Too many mothers,
in their love for their daughters, entire-
ly overlook the idea that they them-
selves need recreation. They do with
out all the easy, pretty and charming
things, and say nothing about it; and
the daughters do not think there is any
self-denial involved. Jenny gets the
new dress and mother wears the old
one, turning it upside down and wrong
side out. Lucy goes on the mountain
top, and mother stays at home and
keeps house. Emily is tired of study,
and must lie down in the afternoon;
but mother, though her back aches, has

no time for such indulgence. Dear
girls, take good care of your mothers.
Coax them to let you relieve them of
some of the harder duties which for
years they have patiently borne.

The Richest Man in the World.

Who is he?
Where did he get his money?
How much of it has he produced or
earned by hard labor?

As we are the richest nation in the
world by several billions, it is natural
and fitting that we should possess the
richest man.

The exact value of Mr. Rockefeller's
estate is probably unknown even to
himself. It is variously estimated by
conflicting authorities at \$200,000,000
at \$250,000,000, and even as high as
\$300,000,000. According to the best
authority it must be at least \$200,000,-
000, and those are the figures we shall
use in our computations.

It is stated that Cornelius Vander-
bilt, who inherited \$5,000,000 from his
grand-father in 1877, has already trebl-
ed the amount in 1891. At the same
rate of increase, \$200,000,000 will be-
come \$600,000,000 in 1905. Before
1920 the \$600,000,000 will have be-
come \$1,800,000,000, and the billion-
aire will be among us.

If the same conditions continue, in
much less than thirty years our one
richest man may be able to pay the
present national debt.

In considering such enormous sums
of money we lose our sense of its value.
We fail to realize its power.

He is four times as rich as the Queen
of England.

He can hire an army or build a city.

Possible value of estate in 1920, \$1,-
800,000,000.

PROBLEMS.

What may be done with his income
of \$12,000,000 per year.

1. How many men can he hire, pay-
ing each man a salary of \$1,000? How
many paying the wages usually receiv-
ed by laborers in your neighborhood?

2. The Queen of England receives
\$3,000,000 per year. How many queens
could he pay?

3. The President of the United States
receives a salary of \$50,000 per year.
If he were in need of presidents, how
many could he hire and pay with his
income?

4. How many 30-acre farms could
he buy at \$50 per acre?

5. If he should use his income for
20 years in buying farms, how many
would he own at the end of that time?

6. How many acres of land could
he buy at \$50 per acre?

7. There are 640 acres in a square
mile, and 36 square miles in a township.
How many townships could he buy with
one year's income?

8. If he should buy 1,000 acres of
land at \$50 per acre, how much money
would he have left?

9. How many houses could he build
with it at \$1,000 each.—National
Economist.

The Largest Pair of Shoes

A Georgia shoemaker has finished
the largest pair of shoes ever made for
actual use.

It took a piece of leather containing
1,040 square inches to make the up-
pers, and one of 1,960 square inches to
make the soles, or exactly 3,000 square
inches of leather altogether. If the
leather contained in that pair of shoes
were cut into strips an eighth of an
inch wide it would make a string 24,-
000 inches long.

The soles of this gigantic pair of
shoes are 14 inches long and 5 1/4 inches
wide. The two combined tipped the
scales at exactly eight and one half
pounds.

class crayon portraits made from photo-
graphs of members of their family

on this continent. Agents can make
money securing orders for crayon por-
traits. Send for full particulars by mail
or call on them. Work is unequalled
and prices lower than the lowest. A
sample portrait from this Company will
be on exhibition at the office of the
Echo.

Dominion Day Celebration

Posters are out announcing a grand
celebration on the 1st July at Cobocok.
The committee are sparing no pains to
make it the most successful one ever
held in that Village. A good list of
prizes are to be awarded for running,
jumping, putting the sledge, canoe
racing, &c., &c. A Ball will be held in
McRae's Hall. The Presbyterians will
give a tea and entertainment in the
Oddfellow's Hall. Tea to be served
from 5 to 7 p. m., to be followed by
music, both vocal and instrumental.

FREE CRAYON PORTRAITS AND FRAMES

To all our Subscribers for 1892.

We, the publishers of "North American Homes," in order to increase the circulation of our journal throughout the United States and Canada, will send this year over one hundred thousand dollars among our new subscribers in the form of an artistic Crayon Portrait and a handsome frame (as per cut below), to be made free of charge for every new subscriber to "North American Homes." Our family journal is a monthly publication consisting of 36 pages, filled with the best literature of the day, by some of the best authors, and is worthy of the great expense we are doing for it. Eight years ago the *New York World* had only about 15,000 daily circulation; to-day it has over 300,000. This was obtained by judicious advertisement and a lavish expenditure of money. What the proprietor of the *N. Y. World* has accomplished we feel confident of doing ourselves. We have a large capital to draw upon, and the handsome premiums we are giving you will certainly give us the largest circulation of any paper in the world. The money we are spending now among our subscribers will soon come back to us in increased circulation and advertisements. The Crayon Portrait we will have made for you will be executed by the largest association of artists in this city. Their work is among the finest made, and we guarantee you an artistic Portrait and a perfect likeness to the original. There is nothing more useful as well as ornamental than a handsome framed Crayon Portrait of yourself or any member of your family; therefore this is a chance in a lifetime to get one already framed and ready to hang in your parlor absolutely free of charge.

READ THE FOLLOWING GRAND 30 DAYS' OFFER:

Send us \$1.50, price for one year subscription to "North American Homes," and send us also a photograph, daguerotype or any member of your family, living or dead, and we will make you from same an artistic half life size Crayon Portrait, and put the free of charge, will also furnish you a genuine French glass, box and packing same free of expense. Orangemen should read Mr. D. Gorries adv. this week

Cardiff Court of Revision takes place to-morrow, (Saturday) at 10 a. m.

Mr. Herman Fetterly lost a valuable brood mare this week by death, caused by an over feed of clover.

CHEESE MEETING:—We understand that a meeting of the patrons of the Mindel cheese factory will be held over the Echo office on Saturday afternoon the 14th instant at four o'clock.

Oh, What a Cough!

Will you heed the warning. The signal perhaps of the sure approach of that most terrible disease Consumption. Ask yourselves if you can afford for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails.

SHEEP KILLED:—Mr. W. Fielding lost a very valuable thorpe bred ram last week that was killed by dogs. There has been quite a number of sheep and lambs destroyed in this locality the last spring by dogs. It is a duty incumbent upon any man who has a dog known to worry sheep either to keep the animal tied up or have him destroyed. The value of the animal killed was fully \$30.

DOG POISONING:—Several of our citizens have been annoyed by the finding of strickenine enveloped by large pieces of meat, near their premises during the past week. Those who are doing this sort of thing need be careful as if they are found out they will doubtless suffer more than even those who might have lost their dogs. We understand that one dog died from the effect of the poison which was not intended for it, but that was left to dose a dog belonging to another person.

A word to the wise is sufficient. This is a mean piece of business, and the sooner it is stopped the better it will be for all concerned, so beware, detectives will be on the alert.

INSURANCE:—We have received from E. F. Clarke Esq., M. P. P., ex-mayor of Toronto who is a resident of the Excess Life Insurance Co., a patent advertising slate that is being distributed by this new and reliable company that is quite unique and useful. This company has among its shareholders many of the leading capitalists in both the cities and towns of Ontario, its directors and officers are astute business men of experience and known probity, and the name of its president and managing director who has with such marked ability for several years past filled the mayor's chair and still represents the people of Toronto in the Local Legislature, is a wall of strength to this institution that will commend it to the favorable consideration and patronage of those who are seeking for safe and reliable life insurance at moderate rates.
